EDUCATION

Maulana Azad National Urdu University

B.Tech in Computer Science

CGPA: 8.37

B.D. College

12th (Science)

Percentage: 71.2

Hyderabad, Telangana

Expected Graduation, May 2025

Patna, Bihar

2019

PROFILE SUMMARY

I aspire to join as a Software Developer, leveraging my expertise in the MERN stack to build scalable, user-focused applications. I bring experience in managing projects from concept to deployment and a commitment to learning new technologies to solve real-world challenges effectively.

PROJECTS

Tech Help Platform | [Link](#)

Sept 2024 - Present

Tools: React, MongoDB, Node.js, Express.js, Tailwind CSS, Redux

A multi-functional platform designed to empower tech enthusiasts with four core features:

- 1. Blogging:** Share and explore insightful technical blogs.
- 2. Roadmaps:** Access detailed skill-building and career guides.
- 3. Mentorship:** Connect mentees with expert mentors for personalized guidance.
- 4. Job Board:** Apply to curated job postings from verified companies.

Key Contributions:

- Designed and implemented a responsive user interface using React.js, Redux and Tailwind CSS.
- Built secure REST APIs for role-based user models and dynamic dashboard functionalities.
- Engineered modular code for seamless feature integration and scalability.

Real-Estate website | [Link](#)

August - September 2024

Tools: React.js, Tailwind, Node.js, Redux, MongoDB, Firebase

A user-friendly real estate platform that simplifies property searches and management.

Key Contributions:

- Developed a dynamic, cross-device compatible UI with React.js and Tailwind CSS.
- Implemented secure user authentication and authorization using Firebase and Node.js.
- Designed a robust backend to handle property listings, filtering, and messaging functionalities.

CERTIFICATIONS

- Mera Placement Hoga अनुशासन – Knowledge Gate

SKILLS

Programming: Java, JavaScript, HTML, CSS

Frameworks/Libraries: Node.js, React.js, Redux Toolkit

Databases: MySQL, MongoDB

Other: Git, GitHub, Tailwind CSS, Data Structure, WordPress, DBMS, Postman, Figma
